PARC Volunteer Program

PARC'S MISSION STATEMENT

As a community leader, PARC creates and provides lifelong opportunities for people with disabilities to achieve success.

WHY VOLUNTEER?

- *To help others and contribute to the community
- *Test career choices or pursue new career avenues
- *Share knowledge and expertise
- *To develop new friendships
- *To enhance a resume
- *To learn new skills

There are many, many more reasons why people choose to volunteer; what's yours?

Your experience as a PARC volunteer will most definitely enrich your life and the lives of the people we serve.

We make a living by what we do, but we make a life by what we give.
Winston Churchill

Who should volunteer? PARC accepts volunteers from all walks of life.

Youth:

Build your college resume and add to your skill-set while completing community service. PARC welcomes youth from area schools to volunteer in one of our programs.

Retirees:

From a few hours per month to several hours per week, PARC is interested in what you have to offer. We will match your lifetime experience with our needs.

Groups:

Groups of all kinds (work groups, youth groups, parent groups and more) are encouraged to volunteer. If you are interested in assisting at a seasonal event or would like more regular hours, we have a place for you.

Interns:

Complete your field placement hours at PARC. Many disciplines (including but not limited to social work, psychology, communications, marketing, and public administration) are welcome as are various degree levels.

GIVE A GIFT OF YOURSELF TO OTHERS !

The goal of the PARC Volunteer Program is to involve members of the community in activities of the organization to the extent possible.

There are many ways you can volunteer your time. We will place you within an area of service that matches your interests and passions as well as that fits best into your schedule. Some activities may include:

- *Accompany a consumer to weekly religious services
- *Arts and crafts groups
- *Recreation events
- *Project such as gardening and painting
- *Teaching life skills (reading, writing, budgeting, etc.)
- *Preschool activities
- *After-school activities for children and youth
- *Clerical assistance
- *Sporting activities with consumers

And many, many more!

Training:

All volunteers will receive agency training and orientation as well as site specific training. Training modules are a combination of on site and self-study training.
